International Joint Conference on Science, Technology, Art, and Humanities

Universitas Negeri Surabaya (Online Conference), October 3-4, 2020

Welcome to the 2020 International Joint Conference on Sciences, Technology, Art, and Humanities, Universitas Negeri Surabaya. This conference features the flagship international conference of the Universitas Negeri Surabaya. The Mathematics, Informatics, Science, and Education International Conference (MISEIC 2020), the 4th International Conference on Education Innovation (ICEI), International Conference on Vocation Education and Electrical Engineering (ICVEE 2020), International Conference on Cultural Studies and Applied Linguistics (ICCSAL), and the International Conference on Research and Academic Community Services (ICRACOS 2020) under one roof. It encourages cross-fertilization of ideas among the three big areas and provides a forum for intellectuals from all over the world to discuss and present their research findings on sciences, technology, art, and humanities.

Prof. Takeshi Fukusako Kumamoto University Japan

Prof. Dr. Hadi Susanto Professor of Mathematics Khalifa University of Sciene and Technology, Abu Dhabi The University of Essex, UK

Surabaya.

MISEIC, as a part of the International Joint Conference on

Science, Technology, Art, and Humanities, is an annual

conference hosted by Faculty of Mathematics and Natural

multidisciplinary conference aims to promote the

interaction among research on the fields of Mathematics,

Informatics, Science, and Education. The theme of

MISEIC 2020 is "Advancing Research on Mathematics,

Informatics, Science, and Education for Building a

Better Society". Using the theme, MISEIC invites

researchers and educators from the relevant fields to

Negeri

Universitas

Prof. Peter Charles Taylor Murdoch University Western Australia

This

Dr. George Jacobs Center for a Responsible Future Singapore

Prof. Johan Pion HAN University

INVITED SPEAKER

Dr. Hammam Riza, M.Sc (to be confirmed) (Head of Agency for the Assessment and Application of Technology Indonesia)

present their advance research findings that may have important contributions for building "a better society".

Scope

Sciences,

MISEIC conference welcome papers that explore, but not limited to the following topics:

- Pure and Applied Mathematics (Algebra, Analysis, Combinatorical, Dynamical System, Industrial Mathematics, Mathematical Physics, Statistics, etc)
- Science and Technology (Biotechnology, Earth and Space Sciences, Energy and Catalyst, Environmental Sciences, Instrumentation, Nanotechnology, etc)
- Computer Science (Artificial Intelligence, Big Data and Data Mining, Machine Learning, Control and Robotics, Information System and IT, Mobile Computing, etc)
- Mathematics, Science and Computer Science Education (Assessment and evaluation, Curriculum Development, Distance learning, Higher Order Thinking, Teacher Professional Development, etc)
